

The Will of God for Us

Johann Heynecke

The Will of God for Us...

See, this is where we (specifically women) or the majority of people have it wrong...

To attribute everything that happens to the will of God...

Because it is too easily said: "It is God's will" or "If it is God's will"...

Whether what happens to you is good or bad, it is attributed to 'The will of God / If it is the Lord's will!...

Misplaced Attribution...

For example: You get cancer (It is the will of God)... You are healed (It is the will of the Lord)...

You die of the cancer (It is God's will)...

Yes, I know God is almighty and reigns over life and death...

It was your time, because your life happens as God determined it for you...

Or...

You are in an accident & die in the accident (It was God's will)...

Yes, it was your time, because your life happens as God determined it for you...

Or...

Your relationship goes wrong and you end the relationship...

Because many times you must first have the wrong one,
to be able to see what the Lord has for you... (That is supposedly the will of God)...

A Hard Truth...

That is, to me, utter nonsense man - It is not the will of God that you get cancer!...

It is not the will of God that you are in a car accident!...

It is not the will of the Lord that your relationship shipwrecks &
that in all these cases you go through emotional pain & heartache!...

If you attribute everything that happens to you to the will of God - you get cancer...

You are in an accident... your love relationship / marriage is on the rocks...

Then we, in essence, blame God for it...

We tell God that it is actually His fault that these things happen to us...

Let us pause at "Your relationship goes wrong & you end your relationship with X"...

Because that is much more applicable to many people...

You say, it was the will of God... because it was the wrong man for me...

The right one will come, I pray and ask the Lord if it is His will...

Understanding God's Nature...

Now God is a God of Love, of the beauty in life... of all that is good...

We only need to look at the creation of God for that...

Wondrous, fantastic... simply out of the Greatness of the Hand of God...

So what is the will of God for us, for you?...

Before I continue, I just want to say - if a person wants to know what the Will of God is...

We only need to go to His writings, our Bible...

There are quite a few verses that show us the Will of God...

One that stands out to me personally is:

Jeremiah 29:11...

"For I know the thoughts that I think toward you, saith the Lord,
thoughts of peace, and not of evil, to give you a hopeful future."

That, to me, is so descriptive & applicable to every aspect of our lives...

God holds for us only the good, for peace & love in your heart...

In your whole and every aspect of your life... **THAT IS THE WILL OF GOD!...**

Love and Choice...

See, everyone who comes into your life is the right one, because God is a God of love...

Of the beauty in life... Love comes from God...

God places in our hearts the love we have for someone... Then we have the choice to nurture that love or not...

It is nothing like "this one & that one was the wrong one"...

It was God's will that it was the wrong person,

because it was to show me that He has something better for me in life - NO!...

It is God's will that you receive from that special person in your life a bunch of flowers that leaves you without words...

It is God's will that you get those little messages that leave such a warm feeling in your heart...

That give your heart somersault moments...

Because God is a God of Love, peace & the Beauty in Life!...

It is not God's will that "Koos" flirts with another girl & she flirts with him... that he enjoys it...

It is not God's will that "Piet" is spineless & still clings to his mother's apron strings...

It is the devil who comes to interfere, who comes to destroy... that beauty which God has placed there between a man and a woman... And God allows it, to see how we react to it, what choices (although God knows) we make...

The Question of Suffering...

Because one day, after a life of being alone...

You stand before God & ask God, why did You not hear my prayers?:

"If it is Your will, bring someone beloved & special into my life"...

God will answer you: there was Koos & Piet and then Johann whom I brought across your path...

And every time there was something according to you

(what the devil places in your thoughts / makes you believe) was wrong with them...

So will anyone ever be the right one that God brings you?...

It is the devil that makes people sick, that causes accidents & that people die...

It is not through the will of God that accidents happen and people die

or that people get sick with cancer & then die!...

It is the devil that makes little girls, young women & women be molested & raped...

It is not because of the will of God that that happens!...

It is the devil that makes men and women commit adultery in their marriages...

That makes women be verbally & physically abused...

It is not the will of God that they do that so that you can get someone better in life!...

Because the devil wants to destroy everything that was placed there by God...

The devil wants to kill what God gave for life & love and peace...

The Reality of Choice...

It is not God's will that you, I or anyone must die in an accident or because of illness...

Or through a war and terror...

Yes, if it happens it is because it was your time & so written in your book of life long before our birth...

It is not God's will that you go through one divorce after another (yes, there are people who were married 3 or even 6 times in life) or to go from one relationship to another searching for the right man or woman...

If you attribute all of this to the will of God...

You actually blame God that it happened... & that is exactly what the devil wants...

You give to the devil what he seeks, blaming God for everything that went wrong...

Why Does God Allow It?...

Now you will ask, why then - if it is as I say... that it is not the will of God...

Why does He allow it to happen?...

Why does God allow people to go through sickness, accident & death?...

Why does God allow a little girl, young woman or woman to be molested & raped?...

Why does God allow people to get cancer or be in an accident and then die?...

Why does God allow the love that HE placed in the hearts of two people to be destroyed...

That relationships and marriages be broken by it?...

The answer for that lies in the fall of man into sin...
When first Eve and then Adam ate the apple from the tree of good and evil...
God allows it because there are choices for us in everything & we are given the choices to make...
Although God knows exactly what choices we will make at a specific time in our lives...
The outcomes of choices can be changed by another choice that we must make...

Whatever we decide and make a choice on our decision... that choice, at that moment, is the right choice...
Even if it later turns out that it was the wrong choice you made...
Because at that moment you had to walk that path & learn a life lesson...
That is why God allows things to happen...

The Example of Job...

What was applicable and true to Job & it is still applicable and true today...
When God said to the devil: "You may do to the man whatever you want, but you may not take his life"...
The devil may still today do to people whatever he wants but he may not take our lives...
Something that the devil has long since disobeyed in God's command...
He and his followers have taken many lives already & still do throughout the years...

Second Chances...

But know this, God brings us each time to the choice to correct that wrong choice from the past, in the present... You receive second chances from God to correct wrong choices...

Please everyone that receive and read this... Doesn't matter if you agree or not with what I've written here, please don't keep it for yourself... Spread it far and wide, so that more people in South Africa can get the message...
